### Profile

Highly motivated developer seeking to launch a career in what I am most passionate about - building web applications. I have hands-on experience developing and deploying applications with modern tech stacks and tools, including HTML, CSS, Javascript, Typescript, React, Node.js and MongoDB. I have good social and communication skills, experience in leadership and I know the importance of good teamwork. I am able to self-manage during independent projects, as well as effectively work in a team using agile methodology.
